## CITY COUNCIL TO REGULATE GAS RATE

Companies Notified to Submit  
Books Before Body on  
February 19

### LEGAL QUESTION ON PROPOSITION RAISED

Interesting and Enlightening Action of San Bernardino Solons

(San Bernardino Sun)  
The City Council last night took the first formal step in the direction of regulating the price of gas, which it has the right to do, when it instructed the Southern California Gas Company and the San Bernardino Valley Gas Company to produce its books and show cause why a lower rate than that of \$1.15, recently established, should not be adopted.

The hearing of the evidence on the cost of the manufacture of gas and profits at the existing rate was set for Monday evening, February 19, and the inquiry, widely demanded throughout the city, will probably at least start at that time, although it may be necessary later to bring experts here to testify.

#### Save the Law

The council first took up the matter immediately following the increase from \$1.00 to \$1.15 per thousand cubic feet last month, and instructed City Attorney C. L. Allison to submit a report of the method of procedure. Last evening he reported the attorney general declared the Utilities Act will have no effect on the case here until the people vote it the power to regulate the rates in this city. The council therefore is still empowered to set a rate which permits of a "reasonable profit."

## LOS ANGELES MAY HAVE HALF MILLION IN NEXT 3 YEARS

Los Angeles Tribune: According to the average increase of business in the Los Angeles postoffice this city will have a population of half a million persons in less than three years. This information is embraced in a report completed yesterday by William H. Harrison, postmaster. Upon the same basis, he estimates the present population of Los Angeles at approximately 400,000, an increase of \$1,000 since the last census two years ago.

During January, 1912, 35,892 changes of address were filed in the postoffice. Few of these were forwarding orders, which indicates that nearly all persons involved have changed their addresses from other places to Los Angeles. Each notice of change affects from one to five persons and the postmaster estimates that at least 50,000 strangers found new homes in Los Angeles during the month.

Many of these are tourists but records show that the spring exodus is far below the winter influx.

An average of nearly 10,000 daily callers at the general delivery windows was established. This is an other record. The annual revenues derived from the sale of stamps from January 1, 1911, to January 31, 1912, was \$1,669,461.40, and the corresponding period of 1910-1911 yielded about \$175,000 less.

### MEETING TONIGHT TO NAME SECRETARY

A meeting of the new directors of the Chamber of Commerce will be held tonight for organization for the year's work. J. C. Metzgar, secretary of the Orange County Dried Fruit Association, is said to be a candidate for appointment as secretary.

## ROOSEVELT MAY CONSENT TO ENTER GREAT 1912 RACE

Gov. Hiram Johnson Talked of by Leaders for the Vice Presidency

### LA FOLLETTE'S FRIENDS WILL BACK ROOSEVELT

Formal Opening of Movement Likely to be Made by Saturday Next

NEW YORK, Feb. 7.—The formal announcement of Col. Roosevelt's candidacy is coming soon. A definite statement that he is in the race will not come from Roosevelt, but from the progressives who have been supporting La Follette. It will probably be signed by George Record of New Jersey, Amos Pinchot and Medill McCormick, and possibly Hiram Johnson. These men are holding a series of conferences today.

It is understood here that Roosevelt has agreed to run if drafted. It is believed Roosevelt will make a statement of policies similar to those of La Follette.

La Follette's position, in his announcement, is made problematical. It is generally believed that he is angered by the defection of his former supporters and will remain in the race.

The report is revived that Gov. Hiram Johnson may be a candidate for the vice-presidency. It is rumored that the same leaders who advanced him as La Follette's running mate will attempt to force him to run with Roosevelt. It is not known here how Johnson stands on the vice-presidential proposition. California leaders believe he will not accept a place on either the La Follette or Roosevelt tickets. Gov. Johnson conferred with the leaders today. He refused to discuss the matter.

### ROOSEVELT BOOM MAY BE LAUNCHED FORMALLY SOON

CHICAGO, Feb. 7.—The formal launching of the Roosevelt boom is expected to follow a conference with the National Roosevelt Commission meeting here on Saturday. Secretary Edwin Sims said:

"We are not trying to coerce anyone. La Follette adherents say if he quits the race his strength will go to Roosevelt. We are preparing to organize in every state, believing this to prove true when the campaign starts."

### TAFT'S NAME TO BE ON PORTLAND, OREGON, BALLOT

PORTLAND, Feb. 7.—Petitions placing Taft in nomination for the Republican nomination on the ballot for the April Oregon primaries have been circulated.

## RAILWAYS HALTED IN REGULATIONS FOR PRE-COOLING

WASHINGTON, Feb. 7.—The regulations recently established by the transcontinental railroads regarding the pre-cooling and pre-icing of citrus shipment cars were suspended today until June first by the Interstate Commerce Commission pending an investigation. They were to become effective on February 19th.

Today's action is another chapter in the history of the pre-cooling fight which began January 14, 1911, when the Interstate Commission ordered the railroads to cease charging thirty dollars per car for pre-cooling oranges from Southern California, establishing a rate of \$7.50 per car when the fruit was pre-cooled and pre-iced by the shipper and forwarded without icing in transit.

The railroads replied by withdrawing their tariffs providing for pre-cooling and pre-icing privileges. At the request of the Citrus Protective Association the Interstate Commission has twice suspended the cancellation of the last extension to the Santa Fe expiring on February 24th next. Today's action followed another request for suspension.

### CLOSEST GAME EVER PLAYED ON ALLEYS

Last night the McBurneys again went down to defeat at the hands of the Central, in the most exciting box ball match ever played in Santa Ana. There were several high scores made on both sides.

The McBurneys started the match by winning the first game, but the Centrals just smiled and came on the long end with the second and third games, the McBurneys winning the fourth game. Since the fifth was the deciding game there was same tall thinking done and the game had no winner until the last ball, when it was found the Centrals had won the game by ten points, winning the match.

Tom Wilson took high score by making 24¢ and also high average, making an average of 210 for five games.

### ROOSEVELT'S CANDIDACY WOULD STEADY BUSINESS

LINCOLN, Neb., Feb. 7.—Believing that La Follette is physically unfit to fight for the presidential nomination, Governor Aldrich has issued a statement urging the progressive Republicans to unite on Roosevelt. He said:

"The sentiment is rapidly crystallizing that the Roosevelt principles, and not men, are the chief factors in this campaign. The progressives are all agreed on principles. Beyond the shadow of a doubt, they must elect a leader to carry these policies to a successful conclusion."

"Another important matter is that with the election of Roosevelt there would not be the uncertainty and unrest in business that hovers over every presidential campaign. His attitude regarding business is already known. This feature is worthy of profound consideration."

that the board could accept any bid, and his bid of \$8162 was highest.

An Adams representative said his bid of \$4920 was highest because by delaying the delivery of the bonds, the city would owe \$4812 interest, making his bid worth \$932.

Duggan and City Attorney Heath Williams consider that the premiums secured are better than the average. President W. L. Duggan said he is well satisfied, though the school board expected more for the high school bonds. On the other hand it did not expect so much premium for the grammar school bonds.

Three Los Angeles bond buyers bid for the high school bonds.

As opened the bids were: Wm. R. Staats Co., \$4226 premium; M. W. Halsey & Co., \$8162, provided that the entire \$200,000 issue be delivered at once; M. W. ## READ THIS LETTER

December 22, 1911.

Mr. Seth Marshall,

Arrowhead Hot Springs, Cal.

Dear Sir:—It is with the greatest pleasure that I volunteer this testimonial to the benefits I have derived from the mineral baths and other treatments at your deservedly popular resort. Five weeks ago, a sufferer from sciatic rheumatism in severe form, and so weak that I required assistance in entering the hotel, I commenced the hot mud packs and hot water baths. At that time I was bent practically double, and each step I took was exquisite torture. The careful attention of your excellent physician, the curative properties of the mud and water, have made a new man of me. I have gained almost twenty pounds in the five weeks, I can walk erect without pain, and have been able to make several long tramps over the beautiful trails which surround the hotel.

Aside from the benefit to my health, I can say that I have never spent a more delightful vacation. Everyone in any way connected with the hotel has done everything possible to make my stay pleasant. The cuisine is all the most exacting could desire, the accommodations of the best, the prices entirely within reason, and the company most congenial.

I shall certainly hope to return to Arrowhead for other vacations, and would almost welcome illness as an excuse for a stay.

Believe me, sincerely yours,

WILL C. ULLRICH,

## THIS LADY'S GOOD APPETITE

Mrs. Hansen, In a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble.

My husband asked me to try Cardui. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui.

Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

## SECRETARY WILSON IN LIME LIGHT

"Tama Jim" to be Investigated—Alleged to Have Put Lid on Everglades Report

WASHINGTON, Feb. 7.—Another investigation of the department of agriculture, which promises to rival the recent Wiley inquiry in notoriety, was ordered yesterday as a result of charges involving Secretary Wilson and Solicitor McCabe, which were laid before the house committee on expenditures in the agricultural department by Representatives Clark of Florida and Bathrick of Ohio.

For some months criticism in regard to the alleged friendly attitude of the department toward various companies which have been exploiting under water land in the Florida everglades has been heard in Washington. These companies, which are now under investigation, have advertised extensively throughout the United States, and, it is contended, have collected millions of dollars for lands obtained at 50 cents an acre and sold as high as \$60 an acre, which are now covered with from two to ten feet of water, which will not be drained for many years, if ever, and the ultimate value of which is doubtful.

The situation came to a head yesterday when Representatives Clark and Bathrick appeared before the house caucus and declared that circular letters of warning, intended as a response to many inquiries received at the department as to the reliability of the everglades land for investment and an elaborate report prepared at an expense to the government of \$10,000, had been suppressed by order of the secretary. The report was not favorable to the sale of the submerged lands.

"I went to the agricultural department with two friends from Florida," said Clark, "to ask about this report and why it had not been published. I inquired of the secretary why he had suppressed it. He told me he had done so at the request of the people who were selling the everglades lands, and added 'I am not running this office for the protection of fools who do not know any better than to buy something they have never seen and do not know anything about it.'

McKinley Wins Game

Take Number of Lincoln Sextette in Score of 25 to 6 on Lincoln Court

The McKinley Girls' Basket Ball team won from Lincoln School yesterday afternoon on the Lincoln court, the count being 25 to 6 in their favor. The game was an interesting one, the McKinley sextette outplaying their opponents, though Pearl Richards and Bonnie Houston put up a snappy game for the losers.

The McKinley girls played in excellent form, the whole team played together very consistently. The forwards, Marie Zellmer and Julia Pavich, left little to be desired in goal throwing, their shooting the baskets was of the "classy" order. Mary Jacque at center is strong on the toss-up and Ruth Burson is an accurate and quick thrower. She is a reliable player.

Gladys Drips and Helen Hambleton are reliable guards, their work yesterday being of the sensational order, as but one field goal was made.

The McKinley team is proving to be one of the strongest organizations in the city and also one of the fastest ever turned out at the Third Street School. Several games are scheduled with out-of-town schools. The following players compose the team: Misses Julia Pavich (captain) and Marie Zellmer, forwards; Ruth Burson (manager) and Mary Jacque, centers; Helen Hambleton, Gladys Drips, and Catherine Schultz, guards; Hazel Collum (sub), forward.

# Five Candidates Swell Roll of Honor List

Mrs. J. H. Harvey, Miss Lillian Yaeger, Mrs. Louise Berneike, Miss Lula McKenzie, and Mrs. J. Leslie Swope, a New Candidate Raisen Out of the Lower Ranks.

Spirited rivalry marks the progress of the Register's popular ladies' voting contest, and this spirit is by no means confined to the merry candidates themselves, but is shared by their friends and readers of the Register generally, as well as by hundreds who are personally unknown by any of the competitors.

Show someone that you are in this contest in earnest. Demonstrate this earnestness by being among the first to enter the ROLL OF HONOR. Right then and there you will be recognized as a candidate who will have to be reckoned with at the final count. Work towards the 75,000 vote mark with rapidity, and the choice of those who have no favorites in this campaign will fall on you. Your friends will help you with a rush and the first thing you know you will have a steady stream of votes pouring into the ballot box.

#### Be Loyal to Your Friends

Remember that your friends are anxious to see you forge ahead. The day's standing of the candidates is of interest in every home and is the first article to be read when the Register is delivered to its readers. To have votes cast in favor of a spirited candidate with thrilling satisfaction to the voter does not necessarily mean that those who may thus vote for you are your particular friends or even acquaintances. They choose the candidates to join in the excitement of the contest, and they are as much interested in your ultimate success as yourself.

Be as loyal to those who have placed their votes for you as they have been in promoting your interest. Show them that you appreciate this fact of loyalty by doing your best to win. Don't let it be said of you that your are indifferent, and that some other candidate "out-gamed" you in the struggle for the prize that was certainly yours if you had not thrown your friends down. It is simply a matter now of getting people to take the Register. When you tell the people what an immense advantage it is to you to get subscribers NOW, DURING THE TRIPLE VOTE OFFER they will gladly take the Register of you. Why shouldn't they? They take the paper purely for the news and the Register GETS IT ALL, and prints it on the square.

#### The End Near at Hand

While the contest is hardly started, it is also true that the end is rapidly drawing nearer, and before you realize it the day of the final recording will be here—March the 16th.

March the 16th. Look at the calendar. Just exactly 38 days from today THIS CONTEST WILL CLOSE and somebody will get the handsome and valuable E-M-F "30" Touring Car, fully equipped. Thirty-eight days is a short time when it comes to landing something as valuable as this beautiful prize, so make up your mind to do some tall hustling.

And do the tallest hustling you ever did in your life between now and March the 16th. Nothing doing in the line of TRIPLE VOTES after Saturday night, February the 17th, there will be something doing in the way of cutting and slashing the vote values. You find after February the 17th that the vote values have been cut to about half of what is being offered now, don't be surprised and don't blame the contest department. We have been warning you since the first day of the big TRIPLE VOTE OFFER that vote values will never be as high again and that the last offer will be the lowest. The

#### HOW NICE YOUR DINING ROOM WOULD LOOK IF IT CONTAINED THIS BEAUTIFUL FURNITURE

There is no room in the house that gives more cheer and comfort than the dining room—no room that lends itself to decoration so beautifully simple and simply beautiful.

And no matter how pretty and comfortable and cheerful the other rooms of the house are, if the dining room it not right the effect of the whole is spoiled.

The beautiful quarter-sawed fumed oak set of dining room furniture given away by the Horton-Spurgeon Furniture Co. in the Register's voting contest is just nice enough for any home in Orange county. It is of the latest pattern, massively made, finest quality throughout. It consists of six leather-seated chairs, an 8-foot extension table, and a buffet with plate-glass mirror and satin-finish brass hardware. Value \$87.50. See this beautiful set in Horton-Spurgeon's window, corner Fourth and Spurgeon streets, Santa Ana.

## FIRST OF SERIES WEEKLY MEETINGS

The first of a series of regular weekly meetings of the Y. M. C. A. will be held tonight at the Barrett Cafeteria at 413 North Main street.

A fellowship luncheon, cafeteria style, will begin at 6 and the evening's program at 6:45. A short business meeting will be held at 7:45 with adjournment promptly at 8 so that a person can attend and still keep an evening engagement. The program for tonight consists of a talk by Rev. J. H. Scott on "How to Teach Next Sunday's Lesson to Younger Boys," and a demonstration by Dr. J. F. Doyle on "First Aid to the Injured." Dr. Doyle will present this work in a manner similar to that advocated by the Boy Scouts, and any person desiring to know about Boy Scout methods will find this demonstration especially interesting and instructive.

It is the purpose of this series of meetings to bring together once a week all those people who are interested in work for young men and boys, and all young men from 16 to 60 are cordially invited whether members of the Y. M. C. A. or not.

One of the most interesting lectures given here recently was that given at the First Presbyterian church Monday night by Dr. Wilfred Grenfell, the famous Labrador missionary. The audience was large and from all denominations. The speaker showed 100 pictures of the land of his great

time they will reach a high degree of culture. With this faith, he is establishing, as fast as he can, schools, which are being taught by teachers from the United States. The kindergarten has been established in several places by volunteer teachers.

Pictures were thrown on the screen which illustrated their modes of transportation, the power being furnished by dogs and reindeer. He also showed the result of an experiment whereby it is hoped that in time it will be possible to raise garden truck, but the climate is too severe to ever hope to raise cereals. The whale industry, he said, is destined to become more profitable.

"Everyone worth while looks on life as desirable only when something can be done with it. The opportunity for service makes it valuable." The speaker commented on the need for doing something for the fishermen in the way of supplying places of amusement.

"In Labrador you see the type of fishermen pictured in the magazines. They are not vicious. Their passions are played on by money sharks. It is useless to tell men to be good when there is no resort for them to go to except saloons. The message of the church must be constructive."

"College students," Dr. Grenfell said, "come to us because we give them a problem. Give men something hard to do and you will find plenty of volunteers. People want to do what the good Samaritan did. I have never seen a man shirk his work in Labrador."

The Labradorians, he said, are industrious, great lovers of the home and the home ties and have many redeeming characteristics. He stated he felt sure they are capable of greater things and believes that in

LAKME AT GRAND TONIGHT;  
PARIS OPERA COMPANY

"Lakme" the Oriental Opera, with all the splendor and trappings of its East Indian setting, is to be presented at the Grand Opera House this evening by the Paris Opera Company, with Mme. Fregoleska in the title role.

This charming little "Roumanian nightingale," as her Parisian admirers call her, is especially fitted for the role of "Lakme," the daughter of an Indian Priest, and her rendition of the various arias is said by her critics to be superb.

Two of the choicest gems of her score are her duet with Natakantha, the Indian priest, in act 1, and the Oriental duet between Lakme and her slave, ending in a sacred chant by a chorus of Hindus.

With a thread of romance running brightly through the Oriental background, "Lakme" charms all those who have been fortunate enough to hear it.

Although the Grand Opera House has an unusual seating capacity, indications are that the house will be sold out long before the curtain is rung up tonight.

# THE AUBURN

Automobile represents what has been the motto of its manufacturers from the beginning:

## "THE MOST AUTO FOR THE MOST MONEY"

THE MOTOR INDUSTRY HAS SETTLED DOWN TO A COMPETITIVE BASIS. TODAY THE AUBURN AUTOMOBILE COMPANY MAKES POSITIVELY THE FINEST OFFER EVER MADE TO THE PUBLIC IN THE LINE OF A SPLENDID MOTOR CAR AT A REASONABLE PRICE. THERE IS A TREMENDOUS DIFFERENCE IN THE LOOKS OF MOTOR CARS, BUT THE REAL DIFFERENCE IS NOT IN THE LOOKS BUT IN THE CONSTRUCTION. THE DESIGN, THE MATERIALS USED, THE FINISH OF THE HIDDEN PARTS IS WHAT COUNTS. AUBURN CARS ARE AS ELEGANT IN POINT OF APPEARANCE AS ANY MADE, REGARDLESS OF PRICE, BUT AUBURN CARS ARE MORE THAN THAT, THEY HAVE UNDERNEATH THEIR EXTERNAL APPEARANCE THE CAREFUL, PAINSTAKING, HONEST DETERMINATION OF THE MAKERS TO CREATE A CAR OF ABSOLUTE SATISFACTION AND ABSOLUTE MERIT; A CAR FINISHED WITH THE MOST SCRUPULOUS CARE DOWN TO THE LAST BOLT. THAT IS THE SECRET OF AUBURN SUCCESS. IT IS NOT AN INFLATED REPUTATION, NOR IS IT NOTORIETY THAT WE SEEK. THE AUBURN POPULARITY IS BASED SOLELY ON MERIT, AND THAT MERIT LIES BENEATH THE PAINT AND UPHOLSTERY WHICH SO FREQUENTLY DISGUISES THE MEREST SHAM.

WE CALL ESPECIAL ATTENTION TO THREE OF THE AUBURN MODELS, ON WHICH WE ARE PREPARED TO MAKE IMMEDIATE DELIVERIES:

### THE PER CAPITA ILLUSION

Just at this juncture President Taft shows what a clever politician he is not by making an intensely reactionary speech before the Ohio society in New York. His main text is denunciation of the judicial recall, but he turns aside to deliver a few sneers against the movement to make life easier and wholesomer for the people at the bottom of this heap. "Conservative people should rise," he says. There is a movement on, he tells us, "to bring about a condition where only the just shall have luxury and only the undeserving be poor." We submit this is the language of the curling lip—an effort to misrepresent and ridicule the work for human betterment. He proceeds: "It is to impose on the government a responsibility for the happiness of the individual that it never had before." Quite right, that is the purpose of this movement. What is government for?

Then he shows how utterly absurd and unnecessary all such efforts are. He says: "We are enjoying today a greater per capita holding of property by the individual than ever in the history of the country."

How long—in the name of Bedlam—are we to be pursued by this sophism of the per capita ownership of wealth? Everybody knows how it is obtained. You add together all the wealth of the country and divide it by the number of people. What it seems to mean is the average wealth of the individual. What it actually means is nothing at all. For all its economic value you might just as well extract the cube root of the wealth and then divide by 23 or any other likely-looking figure.

Here is the little village of Pinehurst-by-the-Sea, which contains 25 families. Its gross capital is \$2,500,000. Wealth per capita is \$100,000. Admirable state of things, evidently. Each family has just enough to live comfortably without ostentation, educate the children properly, travel a little and gain culture and feel secure against disaster. But, soft you now, what are the facts? Pinehurst-by-the-Sea is the home of Mr. Fatchett, whose slaughter house was many years ago taken into the meat trust. He has two and a half millions. Nobody else in the place has a cent, except as they may pry it loose from him, or earn it at the mills nearby. Their wealth is a minus quantity, for there is a lock-out at the mills and all are overdrawn at the grocery store. But in the per capita rate-book used by stand-pat politicians they are listed C-1—\$100,000 or over.

If two meals are served to two people that is per capita one meal apiece, and each should be satisfied—thinks President Taft. But if one of the two is a powerful chap and a glazier as well, and if he devours both meals, should the other fellow still be satisfied? Well, he won't be, depend upon it, and the day will come—whether the "conservatives rise" or not, when the quickened conscience of the whole community will see that he gets his share of the food.—Charles Dwight Willard in California Outlook.

Among the largest contributors to the Panama-California exposition, to be held at San Diego in 1915, is the Southern Pacific Co., that has come forward with a subscription of \$20,833.33. ## Register Asks For Vote On Republican Candidates

In political circles the all absorbing question today is who are the most available candidates for president in the Republican and Democratic parties. As a Republican paper, the Register is desirous of securing an expression from the Republican voters of Orange county, men and women, as to their preference of Republican candidates. The four men most discussed are Theodore Roosevelt, President Taft, Senator La Follette and Senator Cummins. Will you kindly indicate your first and second choice on the coupon printed below and bring or send the coupon to the Register office.

Only the total returns will be published, all ballots will be destroyed and no individual preference divulged; but in order to judge of the sentiment in different parts of the county, we desire the postoffice address and name given. Please give us your honest judgment and send your reply promptly to this office.

The first returns will be published in next Friday's Register.

school law requires that special meetings such as this are called, the object of the meeting to be stated in writing, and two days' notice given, I was called to this meeting without knowing what was to come up."

Duggan: "We can pass at a regular meeting bills authorized at such meetings as this."

Mrs. Smart: "If this is not a legal meeting, could Mr. Williams get his pay if employed at this meeting?"

Duggan: "He would get his pay all right."

Mrs. Smart: "It looks to me that if we do not employ him legally we would be personally responsible for his pay."

Mrs. Norman: "All I insist on is that we do business in legal manner. People are watching this board very closely. We ought to be very careful. It seems to me that you three men have gotten together and said: 'We will employ the attorney, and we will see that he is paid by the school board.'

Duggan: "Your opinions were asked," called you both up Saturday night."

Mrs. Smart: "Yes, and we asked that you call a meeting to discuss and decide the matter. You went ahead without that meeting. It is my opinion that you had employed an attorney before you called me up."

Mrs. Smart asked if the city attorney was the school board's attorney.

Duggan: "I don't know. He has always served when we called on him."

Mrs. Smart: "You have discussed this matter with the city attorney?"

Duggan: "Yes, but I did not say anything about securing Mr. Williams."

Cain: "Mr. Duggan asked me about getting an attorney to protect the bonds, and I told him that Mr. Williams suited me."

Mrs. Norman: "I haven't the slightest objection to Mr. Williams. If I had any legal business of my own, I would go to him. That is not the question. Can we legally employ him at a meeting that is not called according to law? If we had done things according to law, we might now be in this tangle."

Duggan: "We organized according to law, and the bonds are all right. I am satisfied of that."

Mrs. Norman: "I hope that is true, but there are three or four lawyers here who say we were not legally organized."

Dean: "The fact that we are in the right, does not mean we will win in court unless we have a lawyer to present our case."

Mrs. Norman: "I have heard a good deal of comment to the effect that people will not stand for this board hiring outside attorneys. There has been a good deal of complaint about that here in Santa Ana."

Duggan: "We thought it necessary to employ Mr. Williams to represent us in a suit involving \$600. I think it far more necessary in a suit involving \$200,000."

Dean: "If there are any people in this town disposed to stop this board from paying an attorney, I will help him from my own pocket. The three men of the board can do that, and the women do not need to join them."

Cain: "I would not agree to that, for there might be endless litigation, and the bill is a proper and just one against the school district."

Mrs. Norman: "The simplest way out of all this difficulty is to reconsider and leave the selection of site to a vote of the people."

Dean: "That would split this wide open. The people don't want it left to a vote."

Mrs. Norman: "It is split now. I think the people do want it. You have been away, and you do not hear what people want."

Dean: "But I have come home every evening, and I have asked those with whom I have come in contact as to what they thought about the matter. I do know what the people want. The people do not want this left to a vote. It would please only a few people. We have no petition for it. It would be the worst thing that could happen, as it would put the northern part of the city against the south. Frankly, I think this agitation has come about largely be-

#### CASCARETS WORK WHILE YOU SLEEP

Salts, Calomel and Cathartic Pills Are Violent—They Act on Bowels as Pepper Acts on Nostrils

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passage away few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A tenth box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

### ANNIVERSARY DINNER

Golden Wedding and Fifteenth Anniversary Celebrated at Holbrook Home

A family gathering of more than usual importance was held yesterday at the home of Mr. and Mrs. A. S. Holbrook, 303 Orange avenue, the event being in honor of Mr. Holbrook's brother and sister, Mr. and Mrs. Lewis F. Holbrook and celebrating their fiftieth wedding anniversary. A surprise dinner was planned for them and invitations extended to their relatives in the East as well as in California, and from the East many loving messages and letters were received.

The day also commemorated the fifteenth anniversary of Mr. Holbrook's nephew and wife, Mr. and Mrs. Frank A. Holbrook. The out-of-town guests present were Mr. and Mrs. Lescher, Miss Julia Lescher of Carpenteria, California; Mr. Earl L. Holbrook of San Diego, and Mr. Roland S. Holbrook of Sioux City, Iowa.

The home friends included the honored guests, Mr. and Mrs. Lewis F. Holbrook, Mr. and Mrs. Frank A. Holbrook, with their children; Misses Esther and Orpha Holbrook, Master Franklin Holbrook, Mr. and Mrs. Jared E. Holbrook.

The host and hostess prepared a bountiful five course dinner of roast turkey, cranberry sauce, vegetables, salad and fruit, the dessert course being of fruit cake and bride cake with ice cream in golden heart shapes, and coffee.

A color scheme of gold and white was carried out with jonquils and lilies in both the table decorations and throughout the parlors.

The afternoon was spent in reminiscences of other happy occasions, and at its close the guests took their leave with cordial wishes to both couples for many returns of the day.

### HOME WEDDING

Miss Helen Eubank Wedded Yesterday Afternoon to George R. Wells

Yesterday afternoon at 2:30 o'clock at the residence of the bride's grandmother and mother, Mrs. T. P. Marsh and Mrs. Carrie Holder, 630 South Main street, Miss Helen Eubank was united in marriage to George R. Wells of 512 Spurgeon street. The ceremony was used with Rev. Paul E. The bride was dressed in a handsome tailored suit of gray, and carried a bouquet of white roses and maiden hair ferns.

The home was tastily decorated with asparagus ferns, violets, white carnations and white chiffon bows. Following the ceremony and the utterance of congratulations, dainty refreshments were served. Soon after, Mr. and Mrs. Wells left for a honeymoon trip of two or three weeks. They will return here before taking up their residence in Los Angeles where the bridegroom is employed in the city engineer's department of the city hall.

That the bride and groom have many warm friends was evidenced by the many beautiful wedding gifts received, these including silver, cut glass and linen. ### DAY NURSERY

Ebell Institution Provides for Many Children—Gifts Were Generous

(Mrs. W. B. Tedford) Altogether seventy-four different children have been cared for in the Day Nursery. The average daily attendance for January being eight. A friend subscribed for "The Little Folks Magazine" for a year and the first copy proved very interesting to the little readers. The Helping Hand Society of the First Baptist church, by sewing for some of the children and their busy mothers, surely exemplified its name, "Helping Hand."

Dick Bradley celebrated his birth-

day at the Day Nursery, with four candles on his cake. Mrs. Bradley wishing to treat the ten little folks on Jan. 29, provided ice cream.

Homes have been found for the Hickman children, Marion, living with Mrs. W. D. Baxter and Inez, Lawrence and Homer with Mrs. F. H. McArthur in Santa Clara avenue.

We acknowledge the following with thanks:

Mrs. C. S. Williams, canned fruit;

hantly rendered on the piano a French selection of welcome. The next number was by the kindergarten children, who charmed the audience as they sang and acted under the direction of their teacher, Miss Grumbauer.

Accompanied by music of the piano by Miss Vanderlip the children represented walking dolls, birds, jack-in-the-box, etc., proving themselves skillful little actors. But best of all was the grand march which might cause the envy of the most fashionable in the ball room.

A delightful number following was a humorous selection, "The Proposal," by Maurice Crozier Phillips. In response to an encore Mr. Phillips gave Kipling's "L'Envol." Miss Rena Cranston beautifully rendered a violin number accompanied on the piano by Miss Alice Cranston.

Mr. Keir, a successful elocutionist of San Bernardino, read "The Bishop and the Caterpillar" and responding to an encore gave "The Christening." Mrs. Keir is a sister of Mrs. Clark, a substitute teacher.

Miss Greenbauer, the kindergarten teacher, gave a most charming talk upon the object and purpose of the parent-teachers' meetings, after which fragrant coffee and delicious sandwiches were daintily served by the older girls of the Roosevelt school.

The boys, too, were told, had done much to make the meeting a success, although perhaps the most praise ought to go to Mrs. W. A. Bartlett, who is an able manager, as well as someone was heard to remark, as an expert coffee maker.

All present are requested to visit the school on Monday night, Lincoln's birthday, as there will be exercises in all of the schools of the city between 11 and 12 o'clock, and it is encouraging to the children to observe that their efforts are appreciated.

## ANAHEIM GIVEN ASSURANCES ELECTRIC ROAD SOON BE IN

ANAHEIM, Feb. 7.—A great many things for the company to do would be to build through this growing city, the business of which is bound to increase rapidly. In the last year Anaheim had the greatest percentage of increase of building shown by any city in this county. In fact but one city in Southern California showed up with a better percentage. When a city comes out of one year's records showing an increase of 102 per cent in building over the year previous, one may be absolutely certain that the town is prosperous and going ahead.

There is every reason to believe that the line when built will pass through Anaheim. Local men of prominence and again have received assurances to that effect from Pacific Electric officials, and the logical

## MOOSE HERDS BOOST FAIR

Carnival at Opera House  
Draws Lots of People, and  
Promises Are Big

ANAHEIM, Feb. 7.—Everybody in town is interested in the indoor carnival and society circus now on. This will be a great week of festivities.

The show is being held in the opera house. The interior of the opera house has been turned into large exhibit and carnival "grounds." The dancing floor is covered with sawdust and the various booths and concessions are dotted in every available space. The carnival promises to eclipse anything ever attempted in Orange county in the line of indoor amusements, the affair being conceived by H. Sanger and is being boosted by the 300 Moose lodge members of Orange county. The attractions aside from the merchants' booths consist of free shows which are clean, and perfect order is maintained throughout the building and anyone using harsh language is quickly ordered outside, hence the ladies are attending the affair in large numbers.

Perhaps the feature at the close of the week's festivities will be the choosing of the queen. This will be a lively contest, the race for the honor and a diamond ring will close Saturday evening, the contest being for the most popular young lady of Northern Orange county.

## CONSIDERING AN ENGINEER

Good Roads Commission of  
Progressive City Take Time  
to Investigate

FULLERTON, Feb. 7.—The City Trustees of Fullerton have ordered the advertising of \$146,000 of road and bridge bonds, returns from which will be expended this summer in street improvements. About eleven miles of streets are covered by the contemplated improvements.

The Good Roads Commission is in a quandary over the selection of an engineer to supervise the building of the roads. Applications have been received from Daniel S. Halladay and George Fish of Los Angeles, H. Clay Kellogg of Santa Ana, and Sloane and Robinson of San Francisco. Action has been postponed till further information is had on the qualifications of the engineers.

## STILL PICKING ENDLESS CROP

FULLERTON, Feb. 7.—W. H. De Berry of Richfield has on his place a "patch" of last season's tomato vines that are still good producers. They have not been injured by the cold weather. Only a few days ago over 100 boxes of tomatoes were picked from the old vines and sold in Los Angeles at fancy prices, and many of the vines are now in full bloom.

Ruddock & Fuller have purchased the seventy-five-foot lot on West Commonwealth avenue from the Stewart estate for \$1500, and may erect two or three cottages on the property.

### UNIQUE NAME

Many People Cannot Pronounce Name of World's Most Famous Catarrh Remedy

—High-o-me—that's the proper way to pronounce HYOMEI the old reliable remedy, that has rid tens of thousands of people of that vile and disgusting disease.

HYOMEI is made of purest Australian eucalyptus combined with thymol and other effective antiseptics and is guaranteed to be free from cocaine or any harmful drug.

HYOMEI is guaranteed to end the misery of catarrh, asthma, croup, catarrhal deafness, bronchitis, coughs, or colds, or money back.

Breathe it, that's all, no dosing the stomach. Complete outfit, including indestructible inhaler, \$1.00. Extra bottles of HYOMEI, if needed, 50 cents, at Rowley Drug Co.

## REDLANDS ELKS HAVE MOVED INTO NEW \$50,000 CLUBHOUSE

REDLANDS, Feb. 7.—The Redlands Elks' lodge moved yesterday to its new \$50,000 club-house on West State and Third streets, and the first meeting of the order there will be held tonight. The building is complete except for work on some of the floors. Most of the furniture has been received and installed. Workmen are now grading the ground and planting lawns and shrubbery. Cement walks also are being built about the structure.

It is very plain that if the school board has not obeyed the letter of the law in such cases provided the bonds could not and ought not to be sold and thus the whole matter is finished, while if the courts say everything is regular and legal the bonds will be sold and all questions settled even though the people do not approve the selection made.

Therefore this corner of the Kansas Tin Shop advises everybody to keep cool and await results.

#### LOS ANGELES PRODUCE MARKET

Small advances were made in the prices of several items in the green vegetable market. The market generally was firm. Bell peppers were rather scarce and with an increased demand and advance of 5 cents was noted. The stock sold at from 30 to 35 cents for the best. Eggplant firms up to 25 cents on the outside figure; there was a good movement at that price. Celery receipts, which have fallen off for the past week, showed an advance of 25 cents a crate. The light holdings moved out at from \$4.75 to \$5 a crate. Receipts of other vegetables were light and of inferior quality. The top price on fancy stock was upheld.

The market for citrus fruits was in somewhat unsettled condition because of the heavy lines of inferior stock that have come to hand. Navel oranges were being offered as low as 75 cents a box on stock that showed signs of spots, irrespective of size, and dragged slowly at that figure. Notwithstanding the weakness in cheap fruit the market for fancy stock was firmer. The lemon market was inclined to easiness. Most of the offerings were of good quality and were well received at the old range of figures.

The egg market was off one cent on candied selects and case-counts. The former sold at 33 cents and case-counts went to 29 cents per dozen. Liberal receipts from near-by ranchers served to weaken the market. Pullet's eggs were unchanged, selling at 25 cents. The market was firm to steady under the revised quotations. Receipts were 385 cases.

The butter market showed no change. There was a good outlet for creamy extras and creamery firsts which moved out at quoted prices. Inferior stock was inclined to drag. Arrivals were 43,032 pounds.

The cheese market was featureless. There was a good movement of several varieties of eastern cheese and northern fresh. The market ruled firm. Receipts were 660 pounds.

A good passing trade was reported in the potato market. No quotable change was shown, due to the liberal receipts. Lompoc and Salinas made up the bulk of the arrivals. Receipts were 2493 sacks.

No receipts of onions or beans were reported. The market on both these commodities was firm. The prevailing price of \$3 a hundred-weight on onions was firmly upheld. Beans were in good demand. That the market on most varieties of beans will advance materially shortly there can be no doubt, due to depleted stocks.

Sweet potato receipts were 215 sacks. The market on fancy stock was firm.

**MAKING FIGHT FOR RELATIVE****APPLICATION WAS GRANTED**

Cormona Sent to Jail, But Oil Pipeline Franchise Bid Only Until Trial at 1 O'Clock Today

Will Cover the Costs of Proceedings

If a hard fight by his relatives and friends can free Frank Cormona, he will be freed. He was arrested after attempting to sell part of a bicycle stolen from Dyke Thorp. Immediately an uncle from Los Angeles came down and put up \$50 cash bail for him. Williams & Rutan were employed as attorneys, but they withdrew from the case.

This morning the case came up for trial. W. E. Ferguson was employed as attorney, and for some reason, probably to raise money for the attorney, the \$50 cash bail was taken out, and Cormona went to jail. But not for long, for this afternoon at 1 o'clock his jury trial began. Cormona has an uncle who is interpreter in the Los Angeles superior courts. He is here today.

**Put Up His Bail**

This morning Abelino Lopez put up \$50 cash bail for Bernabe Pimental, charged with stealing a bicycle from H. W. Nelson on Jan. 9. His trial is March 4.

Here's An Example of Good Horse Sense

Even a horse learns to know when a good job of shoeing is being done. He soon lets you know it, if he isn't shod right, too. In cases of interfering or stumbling a few times shoeing as we do it, usually effects a cure.

**E. S. GILBERT AND CO.  
TO ENLARGE AND  
IMPROVE STORE**

The E. S. Gilbert Co. has completed arrangements to double the present floor space of its store. A large and spacious basement is now being put in. This firm will take in the entire building, giving, when completed, 7125 feet of floor space. A handsome electric elevator of 12-passenger capacity will carry customers from the basement to the second floor.

In conversation with Mr. Gilbert, who has brought the business up to its present size, he said it was his belief that Santa Ana should have a modern store in every particular, and he will be the pioneer in using the second floor for retail purposes. By installing a fine large passenger elevator customers will have a rapid and easy way to reach the second floor. At present the new basement will be used for a receiving and shipping department, as well as a store room. Later on it may be used as a retail room or a "bargain basement."

The main floor will be entirely remodeled, having an arcade front with a handsome marble frontage, with deep show windows running in front of the store about fifteen feet. The main floor will be devoted to the sale of laces, hosiery, ribbons, notions and kindred lines. Also dress goods, silks and wash goods. No new departments will be put in at present, but the present stocks will be doubled in size. The mezzanine floor will have handsome offices for the management, with cashier's desk and new Lamson cash carrier service, all merchandise being checked and wrapped in rapid time and for the greater convenience of customers. This floor will also be used for the sale of bedding and drapery, making the most complete department of this kind in Southern California. The second floor, with about 2500 feet of space, will, when completed, be one of the handsomest and most modern "ready to wear" departments. Fine plate glass windows will go into the front. The millinery department will occupy the front space and will contain the very latest modern fixtures. This entire floor will be covered with handsome Wilton carpet. Besides coats, suits and "ready to wear" dresses, this floor will have muslin

underwear, corsets, petticoats, children's dresses, etc. The alteration room, corset fitting rooms, and millinery work rooms will also be on this floor. A very modern and handsome rest room for ladies will contain all conveniences for the lady patrons of the house. In fact no expense will be spared to make the entire establishment a credit to Santa Ana and Orange county.

This firm is just starting on its fifth year, which it hopes to make its most prosperous one. The past four years have convinced Mr. Gilbert that Santa Ana has need of just such an establishment as outlined and by which he is emphasizing his belief in the future growth of Santa Ana. Work has already started on the basement and the present plan call for the finished building by Sept. 1, 1912.

**ASSOCIATION HAS  
GROWN RAPIDLY**

Artesia News: The Southern California Beet Growers' Association, which was incorporated last month, is extending its membership all over the southern part of California and it now seems probable that before the next harvest it will have on its books every grower of beets in this section. The association holds the record for accomplishing results in a short space of time. It was organized last September and within four weeks had made a demand on the factories for an increase in price. Within five weeks it had secured the advance and brought into the pockets of the farmers of this section over half a million dollars for just the crop of 1912. Can you point to any association which has done more, or one which is more entitled to the support of the growers?

The association — numbers among its directors such men as Geo. H. Bixby, J. M. Carson, A. C. Bird, W. T. Newland, F. A. Stanton, Nelson Ward, Stephen Strong, A. F. Swift, S. E. Talbert, D. Lane, C. L. Comber, C. B. McClure, Thos. Hurley, W. E. Chilson and J. J. Watson, all large land owners and growers of beets. They alone control enough acreage to keep two factories busy. The association opened offices in Los Angeles the first of the year at 911-913 Trust and Savings Building, and elected A. C. Bird president; W. T. Newland, vice-president; Jay E. Randall, secretary; and Los Angeles Trust and Savings Bank, trustees. Beet growers are always welcome at the offices.

The association sent two representatives to Washington a few weeks ago to testify before the committee investigating the sugar trust, which trust is seeking the reduction of the tariff on sugar. The result was that the committee agreed not to make any report on that commodity. The association will conduct a fight before the ways and means committee in congress this spring along the same lines, and it is hoped that great success will attend their efforts. The reduction of the tariff on sugar would greatly injure the growers of sugar beets and all people of this community interested should assist the association in every way possible.
